GOLF APPAREL

THE PRODUCT

Tori Golf offers a unique collection of men's and women's golf apparel designed and manufactured in Bali Indonesia by its founder YuliaTori.

The collection is designed to add individuality, colour and variety to golfing apparel and is produced in limited edition releases that will ensure high quality and a refreshing escape from the largely mass produced apparel that currently floods the market. The designs are flexible and can be worn as comfortable leisure wear outside of the Golfing world.

The Company's founder YuliaTori is a low single figure handicap golfer and has been involved in the clothing industry starting in Semarang Indonesia in 2006.

She has continued her interests in designing and manufacturing leisure and sporting wear in Bali. This new venture allows her to present golf apparel designed by a golfer.

All garments are manufactured under stringent Quality Control by some of Bali's leading Garment Makers who provide services to both local and International fashion markets.
